About Me: I have a Bachelors in Early Childhood Education, Middle School Science, Middle School Social Studies and Elementary K-6. I have completed 15 years for the Atkins School District. During my teaching career I have taught Kindergarten through 4th Grade. I believe that every child has the ability to learn and become a successful student with encouragement and guidance.

I am truly blessed to have chosen teaching as my career. Watching my students grow to become productive adults within our community is a tremendous reward. I feel honored to have been apart of my students lives for a short time. As always I'm excited to meet my new students and begin another adventurous year.
